

Kerb Ramp Rubber High-Vis Reflectors - 100mm High

RKR-100

Description

The Enforcer Kerb Ramp Rubber High-Vis Reflectors - 100mm High is expertly constructed from heavy-duty, recyclable black rubber, ensuring exceptional durability and cost-efficiency. This kerb ramp is designed to withstand the extreme Australian weather, ensuring it won't chip or break, making it suitable for both equipment and vehicle passage.

Weighing in at 11kg, this kerb ramp is light enough for one person to easily remove, transfer, and transport. Its superb visibility is enhanced by the high-visibility nonslip triangular grip tape, which provides extra safety. Additionally, the ramp features two channels to accommodate wires and cables underneath, promoting a tidy and safe environment.

Features

- Manufactured from tough recyclable rubber.
- Can be used for temporary or permanent solution.
- Withstands from heavy cars, trucks, and forklifts.
- Equipped with triangular-shaped no slip treads that are highly visible even in dim lighted areas.
