

Kerb Ramp Rubber High-Vis Reflectors End - 150mm High

RKRE-150

Description

Enforcer Kerb Ramp Rubber High-Vis Reflectors End 150mm is used to complement the 150mm high rubber kerb ramp. It can be used to ensure safety by creating a smooth transition over the end of the kerb ramp thereby reducing the risk of trips and accidents. Our rubber kerb ramp end caps are perfect for use around worksites, parks, carparks, hospitals and loading zones to create a smooth surface for pedestrians and vehicles.

Crafted from strong recyclable rubber, the kerb ramp end absorbs shock and has a durable anti-slip surface. It can be safely used in wet conditions by providing strong grip and traction. The anti-slip treads in safety yellow also draw attention and can be seen in lowlight.

Features

- Made of recycled rubber.
- Anti-slip design that absorb shock.
- End cap for kerb ramp 150mm high.
- Easy to maintain and is portable.
