

Kerb Ramp Rubber High-Vis Reflectors End - 200mm High

RKRE-200

Description

Enforcer Kerb Ramp Rubber High-Vis Reflectors End 200mm High perfectly complements the 200mm high rubber kerb ramp. It can be used to ensure safety by creating a smooth transition over the end of the kerb ramp which reduces the risk accidents and costly damage. Our rubber kerb ramp ends are perfect for use around worksites, parks, carpark, hospitals and loading zones to create a smooth surface for pedestrians and vehicles.

Crafted from strong recyclable rubber, the kerb ramp end absorbs shock and has a durable anti-slip surface. It can be safely used in wet conditions by providing strong grip and traction. The anti-slip treads in safety yellow also draw attention and can be seen in lowlight.

Features

- Made of recycled rubber.
- Anti-slip design that absorb shock.
- End cap for kerb ramp 200mm high.
- Easy to maintain and is portable.
