

Over Bonnet Storage Cabinet

SC-OB-W

Description

Enforcer’s Storage Cabinets Over Bonnet has been expertly designed to use the unused space above your vehicles bonnet. The cabinet fits snugly over your bonnet and provides a secure and organised storage system. Perfect for car parks, garages and small areas where efficient utilisation of space is required.

Features

- Manufactured from high-quality galvanised steel for strength and corrosion resistance.
- Coated in a matte white powder finish for a clean, modern look that suits any garage.
- Equipped with a gas strut-powered opening for smooth, easy lifting of the cabinet door.
- Adjustable height legs to accommodate various vehicle sizes and garage layouts.
- Key-lockable doors to keep your items safe and protected.
