

Cushion 900mm Speed Hump

SH-Cushion

Description

Enforcers Cushion Speed Hump is made from new and recycled rubber. Perfect for slowing down drivers around retirement homes, hospitals, schools, carpark and public venues where pedestrians and vehicles share space. The speed hump features safety yellow reflective panels that raise awareness and improve visibility in low light environments. The rubber construction is designed to withstand heavy use without compromising performance.

Features

- Manufactured from new and recycled rubber.
- Designed to be strong and durable with low noises.
- Built-in prismatic reflectors for enhanced night visibility.
- Light weight and easy to install.
