- Manufactured from ultra-tough Linear Low-Density Polyethylene (LLDPE)
- Designed for outdoor and indoor heavy traffic
- Light weight easy to install by one person
- Built-in prismatic reflectors for enhanced night visibility
- Fixing Bolts Included (Concrete or Asphalt)
- Installation Service is available

Enforcer Poly speed Hump complies with AS/NZS 2890.1:2004 Environmentally friendly Manufactured from Linear Low-Density Polyethylene (LLDPE) with a solid colour. Unique Diamond shape for Anti Slip. Molded 25mm cable channel.

Designed to be lightweight, easy to install or relocate. Strong and durable for indoor and outdoor use in the hot Australian sun, they don't fade, crack and have built-in prismatic reflectors for enhanced night visibility. The sections measure up at 250mm long so it's easy to make the lengths you need knowing that 4 center sections make 1 Metre, the End Caps are to round them off neatly to finish the job.

Suited to use in Concrete or Asphalt to Slow speeding drivers down in areas like Schools, Hospitals, Retirement Villages, Multi-Story Car Parks, Caravan Parks, can also be used as a liquid bunding if installed with a sealant. e.g. silicone.

Strong & Durable
