

# Rumble Strip Speed Hump

## SH-Rumble

### Description

The Rumble Strip are used to guide vehicle speed or divide lanes. Enforcer rumble strip is the perfect speed moderator to use to slow speed down around caravan parks, carpark, hospitals and even driveways and bicycle lanes.

Made from new and recycled rubber, Enforcer rumble strips are an environmentally friendly speeding solution particularly in areas shared by pedestrians like playgrounds, schools and hospitals. Designed to withstand weather damage, our quality rumble strips wont warp or crack in Australian weather. They can be lined up to desired length in alternating black and yellow to increase visibility and awareness.

### Features

- Manufactured from from new and recycled rubber.
- Designed to be strong and durable with low noises.
- Lightweight design enables easy installation by one person.
