

Enforcer Heavy Duty Steel Speed Hump

SH-Steel

Description

Enforcer Heavy Duty Steel Speed Humps are designed to meet the stringent requirements of AS/NZS 2890.1:2004, making them ideal for high-traffic areas where effective traffic control is essential. With bold black and yellow markings, these speed humps ensure maximum visibility for motorists, enhancing road safety. Constructed from 6mm thick steel, these speed humps are built to withstand heavy loads and continuous traffic. Their robust design ensures they won't crack or fade over time, offering long-lasting performance in demanding environments.

Features

- Manufactured from 6mm thick steel.
- Designed for heavy duty trucks and transport depots.
- Strong and durable for indoor and outdoor use.
