

Give Way Sign

SP-Give-Way-Sign

Description

Enforcer Give Way Sign features a bold GIVE WAY text against a white background with red border. The distinctive inverted triangle shape is highly recognisable, ensuring traffic management and control. Best for intersections, roundabouts, entrances and laneways to prevent costly accidents and maintain orderly vehicle movement. Suitable for use by construction companies, councils, businesses and other public venues that require safe flow of traffic.

The sign is instantly recognisable by its shape and design. The bold instruction ensures motorists will take caution and yield to oncoming traffic.
