

Marking Dots, 100mm Diameter

SP-Marking-Dots

Description

Enforcer Marking Dots 100mm Diameter are used to mark boundary lines for parking.

Made from durable injection moulded plastic, the marking dots are designed to withstand outdoor use and will not deteriorate in Australian weather conditions. They will outlast painted line marking.

Features

- Manufactured from durable injection moulded plastic.
- Suited for concrete or asphalt surface.
- Light weight easy to install by one person.
- Designed in Australia for Australian condition.
- Fixing included.
