

# Pole Cap to Suit 60mm O/D Sign Pole

## SP-Pole-Cap

### Description

Enforcer Pole Caps to suit 60mm O/D Sign Pole provides a protective cover that shields off the top of signposts or poles. It suits posts or poles that are 60mm in diameter.

Made to withstand Australian weather, the galvanised steel caps can be used outdoors. By protecting the top of posts and poles from weather damage, they can prolong the performance of signposts.

### Features

- Made of Galvanised steel.
- Protecting the top of posts and poles from weather damage.
- Suits posts or poles that are 60mm in diameter.
