

Sign Pedestrian Crossing R3-1A 600x600mm

SP-R3-1A

Description

Enforcer Sign Pedestrian Crossing R3-1A 600mm x 600mm is crucial in maintaining traffic order and safety. The bold pedestrian crossing symbol on class 1 fluorescent yellow green reflector with aluminium backing ensures both drivers and pedestrians can recognise safe pedestrian crossings. This ensures orderly routes for pedestrians to follow as well as signals to drivers to give way to pedestrians. This can ensure drivers travel at a slow and safe speed around high foot traffic areas.

Features

- Made from durable aluminium.
- Class 1 fluorescent yellow green reflector.
- Suitable for busy roads, retail areas and carparks, public transport areas and other sites with high pedestrian traffic.
