

Tactile indicators - Fibreglass Directional 300mm x 600mm

TI-30X60-D

Description

Enforcers Tactile Indicators Fibreglass Directional 300 x 600mm has been constructed from UV stabilised resin and reinforced fibreglass, ensuring performance is extremely high traffic areas. Perfect for factories, schools, retail centres, event spaces, footpaths and public transport stations.

The plate has eight tactile indicators and a highly effective patterned surface design that ensures grip and a high slip rating, making it suitable for many applications where pedestrian safety is paramount. It can perform outdoors and will not crack or corrode in Australian weather.

Features

- Compliance to AS1428.1-2009.
- P5 Slip Resistance Rating.
- Durable Fibreglass Reinforced Construction.
- Lightweight pre-moulded construction and beveled edges.
