

Tactile Indicators Fibreglass Hazard Yellow 300mm x 600mm

TI-30X60-HY-N

Description

The Enforcer Fibreglass Hazard Tactile Indicator (300mm x 600mm, Yellow) is a high-visibility, durable solution that meets AS/NZS accessibility standards, designed to enhance pedestrian safety in public spaces, transport hubs, and commercial environments. Its vibrant yellow finish offers excellent contrast against grey or dark surfaces, providing effective hazard identification for visually impaired pedestrians. Made from UV-stabilised, impact-resistant fibreglass, this P5 slip-rated tactile tile ensures long-lasting durability and slip resistance in high-traffic areas, whether wet or dry. Pre-drilled mounting holes make installation quick and easy, using adhesive or mechanical fixings, perfect for a wide range of commercial, government, and public infrastructure projects.

Features

- Compliance to AS1428.1-2009.
- P5 Slip Resistance Rating.
- Durable Fibreglass Reinforced Construction.
- Lightweight pre-moulded construction and beveled edges.

Specifications

SKU	TI-30X60-HY-N
Slip Rating	P5
Length	600 mm
Width	300 mm
Configuration	Hazard
Colour	White
Material	UV stabilised resin / reinforced embedded fibreglass
Fixing Method	Plugged, screwed, and glued
Warranty	12 months

AS1428.1-2009
