

Tactile Indicators - Peel and Stick Directional 300mm x 300mm

TI-PS-30X30-D

Description

Enforcer Tactile Indicator Black Peel and Stick Directional 300mm x 300mm is a highly durable, high grip safety solution for walkways. Simple and effective, it requires no tools to install. It is suitable for retail areas, offices and other sites where a refined look and feel is required. It is also suitable for outdoor areas, shopping centres, parks, carpark, entranceways, public transport areas and other sites where falls may occur.

Features

- Manufactured from long-lasting UV-stable polymers.
- Peel-and-stick adhesive backing for quick and easy installation.
- Slip resistant design with P4 slip rating.
- AS1428.1-2009 standards compliant.
