- 5i grfU]ub 'G'ubXUfX '5G#B NG'%' (& ' (.&\$-\$-
- Ideal for fixing either indoor or outdoor
- Beveled edges to reduce trip hazards
- Fast installation, Zero downtime, install and walk on immediately

The Enforcer tactile indicators are made of stainless steel, 300x300 plate. The plate has 36 tactile indicators that are moulded into the plate with black carborundum insert.

This tactile plate passes anti-slip rating requirements and is compliance to Australian standard AS/NZS 1428.4:2009, which ensures it provides exceptional slip resistance. It can be mounted on most surfaces so installation is not complicated.

The plate is a great option for any location where safety and style are necessity because it is not only practical and effective but also has an aesthetic feature.

Strong & Durable

Australian Standards Approved

Easy Installation
