

U-Bar Double Hand Rail - Galvanised 1metre

UB-HR-G-1

Description

Enforcer U-Bar Double Handrail Galvanised 1m can be used around carparks and shopping canter entrance ways to guide foot traffic and provide support if needed. It can also be used around warehouses and factories to create barriers, section walkways and protect assets from light impacts.

The surface mounted handrail is full welded to provide reliable sturdy support.

Features

- Made from strong galvanised steel pipe to prevent rust and corrosion.
- It is perfect for use indoors and outdoors.
- Easy to install via the mounting holes.
