

U-Bar Hand Rail Yellow 2 Metre

UB-HR-Y-2

Description

Enforcer U-Bar Handrail Yellow 2m is a useful support to ensure safety at your facility. The longer length makes it perfect for lining up end-to-end if you have a long boundary to secure. It can be used around carparks and shopping centre entranceways to guide foot traffic and provide support if needed. It can also be used around warehouses and factories to create barriers, section walkways and protect assets from light impacts.

The surface mounted handrail is full welded to provide reliable sturdy support.

Features

- Manufactured from strong galvanised steel pipe to prevent rust and corrosion.
- It is perfect for use indoors and outdoors.
- The yellow powder coating also increases the rails visibility.
