

U-Bar Bollard - 90mm In-Ground - Yellow

UB90-IG-Y

Description

Enforcer U-Bar Bollard 90mm In Ground Yellow can be used in a range of settings to guide traffic, create boundaries around walkways, maximise protection around your buildings, machinery and other assets and for protecting assets from vehicle impacts. The in-ground design along with the U shape increases the strength and sturdiness of the bollard.

Made of fully recyclable galvanised steel pipe, this bollard will resist corrosion and weather damage. It is suitable for both indoor and outdoor use. The yellow powder coating ensures your bollard will be seen.

Features

- Made of fully recyclable galvanised steel pipe.
- It is suitable for both indoor and outdoor use.
- In-ground design along with the U shape increases the strength and sturdiness of the bollard.
