

# Wall Bumper Rubber - 1000mm

## WBR-1000

### Description

Enforcers Wall Bumper Rubber 1000mm is an essential tool for keeping your facility's walls free from damage. Our quality wall bumpers are designed to withstand scrapes and impacts from heavy vehicles like tow trucks and construction machinery as well as trolleys and forklifts. Perfect for use around warehouses, loading bays, factories, garages and marinas.

Crafted from fibre reinforced prime rubber, they are designed to protect your walls from damage caused by impacts and scrapes from vehicles and machinery. The yellow and black wall bumpers are designed to maximise visibility of your walls and reduce accidents.

### Features

- Manufactured from fiber reinforced prime rubber containing nylon and polyester.
- All models have predrilled, countersunk mounting holes for easy installation, and are drilled to accept anchor bolts.
- Appropriate for outdoor or indoor protection.
- For commercial loadings docks, warehouses, parking garages, and marinas.
