

Wall Clip Receiver For Cone Top Retractable Barrier

WMB-SL

Description

Secure and streamline your barrier system with our Wall Clip Receiver, designed specifically for the CTB-RW and CTB-BY Cone Top Retractable Barriers. This receiver allows you to anchor the retractable belt to a fixed surface for a complete and controlled queue or restricted area setup.

The Wall Clip Receiver offers flexible installation with three fixing options to suit various surfaces and environments.

Features

- Only suitable for CTB-RW and CTB-BY models.
- Works on metal, wood, or concrete walls
- Easy to install
